Appearance

REDUST wheel arch extensions

- Impressive appearance for your Duster
 - Increases the vehicle width by 20 mm on each side.
 - Ideal fit – designed for the Dacia Duster III
 - Simple and secure installation – no adhesive necessary
 - Are affixed to the original wheel arches.
 - Also compatible with vehicles equipped with the City package (PDC front).
 - Constructed from premium ABS plastic, ensuring durability and longevity.
 - Available in a matte black rough texture or a smooth glossy black finish.
 - Registration-free, courtesy of TTG (ABE)
- For vehicles equipped with PDC sensors, the designated openings for the sensors in the front bumper must be machined.

REDUST hood scoop

- Ideal fit – no modifications necessary
- Constructed from premium plastic – resilient and enduring.
- Available in a matte black rough texture or a smooth glossy black finish.
- Effortless installation with the included Sikaflex adhesive.
- Registration-free, courtesy of TTG (ABE)

REDUST LED fog lamps

- Daytime running light feature for enhanced visibility in traffic.
- Fog light functionality enhances visibility in foggy and low-light conditions.
- Compatible with the Dacia Duster III and Duster II – contemporary and premium design
- Registration-free due to EC type approval

Installation note:

Retrofitting LED fog lights may necessitate minor adjustments to the fog light mount. We advise that installation be performed by a professional workshop to guarantee optimal functionality and integration.

REDUST side window decal set

- Exclusive design for a captivating appearance – complementing the Y-style of the Dacia Duster.
- Ideal fit for the Dacia Duster III – designed specifically for the side windows.
- Impressive Y-design for a distinctive and contemporary appearance.
- Premium, durable material – resistant to environmental factors
- Simple to apply and remove without leaving any residue.
- Available with or without the “REDUST” logo.
- This product is not subject to registration requirements.

Utilize

REDUST aluminum roof rack

- Material: Premium aluminum – exceptionally lightweight, durable, and resistant to corrosion.
 - Available in black, chrome, or bronze finishes.
 - Dimensions: Length 110 cm x Front Width 130 cm / Back Width 120 cm x Height 13 cm
 - Trapezoidal fit – specifically designed for the Dacia Duster III
 - Load capacity: Up to 100 kg – perfect for luggage, roof tents, or off-road equipment.
 - Simple installation without modifications to the vehicle (the roof basket requires assembly)
 - An ideal enhancement for a distinctive off-road design.
 - This product is not subject to registration requirements.
- The included bracket facilitates straightforward installation on the original roof rails without requiring any modifications to the modular roof rails.

REDUST LED work lights, front and rear

- Exceptional LED performance for optimal brightness and ideal illumination.
- Bright, cold light for enhanced visibility (front: 2 x 45 W with 4000 lm each; rear: 2 x 30 W with 2233 lm each).
 - Slim yellow or white LED strips for subtle illumination (can be integrated as daytime running lights)
 - Specific wiring for the Bigster – Plug & Play installation, cable management, and remote control.
 - Exclusively compatible with the REDUST roof basket for an optimal fit.
 - Remote control operation with a range of up to 20 meters.
 - Superior craftsmanship and Osram LEDs boasting a lifespan of 5,000 hours.
 - Registration-free due to EC type approval

REDUST aluminum running boards

- An ideal fusion of design and functionality – enhanced comfort and off-road aesthetics.
- Available in black, chrome, or bronze finishes.
- Constructed from premium aluminum – exceptionally lightweight and durable.
- Length: 183 cm | Height: 7 cm – ideally suited for the Duster III
- Width 14.3 cm, adjustable via specialized holders featuring a sliding mechanism.
- Total weight: 16.8 kg (including holders for both sides)
- Exceptional load capacity: Up to 150 kg per side
- Effortless installation utilizing vehicle-specific brackets
- Powder-coated and resistant to rust for optimal durability.
- Registration-free, courtesy of TTG (ABE)

OR

REDUST side skirts constructed from stainless steel

- Constructed from premium stainless steel – exceptionally durable and resistant to rust.
- Available in black, chrome, or bronze finishes.
 - Length: 183 cm – ideally suited for the Duster III
 - Adjustable holders featuring a sliding mechanism for versatile installation.
 - Offers enhanced protection for the vehicle's side.
 - Effortless installation utilizing vehicle-specific brackets
 - Powder-coated to ensure optimal durability.
 - Registration-free, courtesy of TTG (ABE)

Trailer coupling

- Including a specialized electrical kit from Jäger
- Electrical kit available in 7-pin or 13-pin configurations.
- Offered in both rigid and removable configurations.
- Manufactured in compliance with European Directive 94/20/CE and ISO 9001 standards.
- Sturdy construction – weather-resistant, durable, and low-maintenance
- Simple installation with included assembly instructions.
- Original packaging accompanied by a 2-year manufacturer's warranty.
- Registration-free via EC type approval

- Available in the following colors: glossy black, glossy silver, matte black, or matte bronze.
 - The use of the tire combination 225/65 R16 is exempt from registration due to TTG (ABE).
 - Use of tire combinations 215/70 R16 and 235/65 R16 is also permissible, but only with individual approval.
 - in accordance with §21 StVZO (by TÜV, DEKRA, KÜS, or GTÜ)
 - No additional screws are necessary; the original screws may be reused.
- Scope of delivery: 4 aluminum rims, 4 hub caps featuring the "R" logo.

OR

REDUST BT off-road wheels 16"

Rim size: 7.0 J x 16 H2, bolt circle: 5 x 114.3, offset: 25

- Available in matte black
 - The use of tire combination 215/70 R16 is exempt from registration due to TTG (ABE).
 - The use of tire combination 235/65 R16 is exempt from registration due to TTG (ABE).
- Scope of delivery: 4 aluminum rims, 4 hub caps featuring the "R" logo, screws, and centering rings.

Spacers

- 36 mm at the front and 40 mm at the rear for each axle
- Includes screws and certificate; however, registration must occur in conjunction with the rims.

REDUST 4WD suspension lift kit

- Increased ground clearance, enhanced off-road capability, optimal off-road performance, and established quality:
- Lift +30 mm front / +20 mm rear
- Enhanced ground clearance for demanding terrain and off-road excursions.
- Enhanced off-road capability – obstacles are navigated with greater ease.
- Driving comfort remains exceptional – the original chassis is retained.
- Registration-free, courtesy of TTG (ABE)

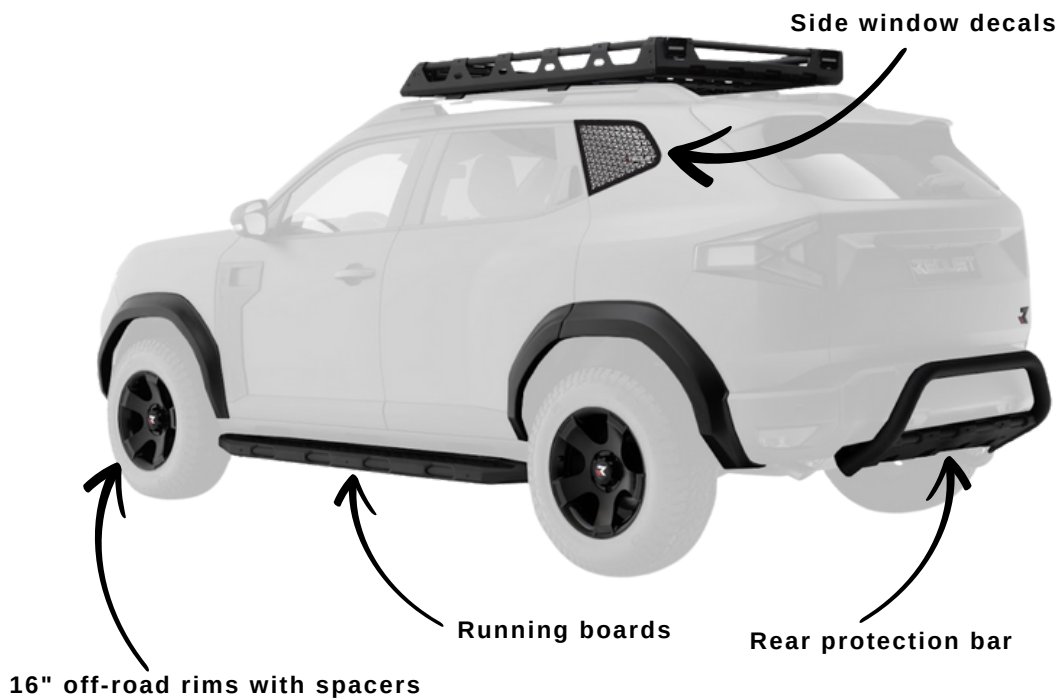

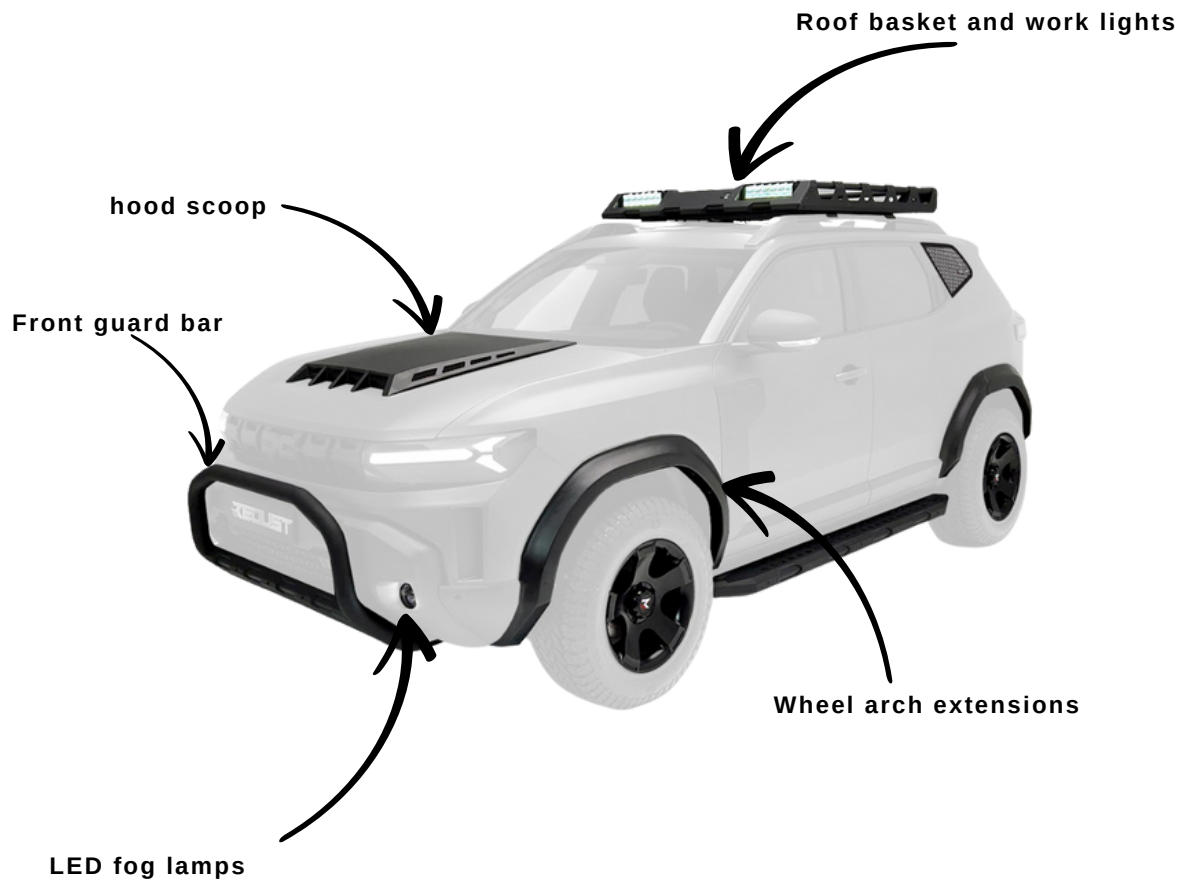

OR

REDUST 4WD lift kit

- Engineered to enhance off-road performance and driving stability.
- Raised by approximately 40mm – increased ground clearance for off-road applications.
- Optimal for substantial loads and irregular surfaces
- Enhanced driving performance through meticulously calibrated shock absorbers.
- Dual-purpose for on-road and off-road – unyieldingly durable

Scope of delivery: 4 shock absorbers, 4 springs, 1 holder set for ABS cable. This product is accompanied by a parts certificate but necessitates approval from a recognized testing organization such as TÜV, DEKRA, KÜS, or GTÜ.

Information

Add-on components with TTG or EC type approval do not necessitate registration: front bar, rear protection bar, running boards, steps, fender flares, hood scoop, lift kit.

According to the TTG (ABE): Parts Type Approval (TTG) is the successor to the ABE. As of June 2024, no new ABEs will be accepted. The TTG (Parts Type Approval) has replaced it. Please do not confuse the TTG with the parts certificate; the TTG is equivalent to the ABE.

The 16" CP rims are equipped with a TTG for the tire combination 225/65 R16, rendering them exempt from registration. The tire combination 235/65 R16 requires individual approval in accordance with §21 StVZO from a recognized testing organization, such as TÜV, DEKRA, KÜS, or GTÜ.

For the 16" BT rims, there is a TTG for the tire combinations 215/70 R16 and 235/65 R16, rendering them registration-free.

All other items are exempt from registration and do not necessitate an appraisal or TTG.
