Aerodynamics and appearance

REDUST wheel arch extensions

- Impressive appearance for your Duster
 - Increases the vehicle width by 20 mm on each side.
 - Perfect fit – designed specifically for the Dacia Duster III
 - Simple and secure installation – no adhesive necessary
 - Are affixed to the original wheel arches.
 - Also compatible with vehicles equipped with the City package (PDC front).
 - Constructed from premium ABS plastic – resilient and enduring
 - Available in a matte black rough texture or a smooth glossy black finish.
 - Registration-free due to TTG (ABE)
- For vehicles equipped with PDC sensors, the designated openings for the sensors in the front bumper must be machined.

REDUST hood scoop

- Ideal fit – no modifications necessary
- Constructed from premium plastic – resilient and enduring.
- Available in a matte black rough texture or a smooth glossy black finish.
- Effortless installation with the included Sikaflex adhesive.
- Registration-free due to TTG (ABE)

REDUST roof edge spoiler

- Sporty aesthetic and unique design – An ideal enhancement for your Dacia Duster III.
- Superior craftsmanship and resilient ABS plastic
- Bespoke manufacturing for the Dacia Duster III – no modifications necessary.
- Available in a matte black rough texture or a smooth glossy black finish.
- Effortless installation with the included Sikaflex adhesive.
- Registration-free due to TTG (ABE)

REDUST roofing strips

- Offered in either a glossy or matte finish.
- Perfectly aligned with your vehicle's design.
- Replaces the conventional roof rails with a more streamlined appearance.
- Ideal compatibility for the Dacia Duster III – no modifications necessary.
- Superior craftsmanship for optimal durability
- This product is not subject to registration.

REDUST side skirts

- Available in a matte black rough texture or a smooth glossy black finish.
- Ideal compatibility for the Dacia Duster III – no modifications necessary.
- Premium ABS plastic for enhanced stability and durability.
- Enhanced protection for the vehicle sides against dirt and stone chips.
- Sporty and aggressive aesthetic for a broader and more robust appearance.
- No adhesive is required, as the REDUST side skirts are affixed to the original sills with screws.
- Registration-free due to TTG (ABE)

REDUST LED fog lamps

- Daytime running light feature for enhanced visibility in traffic.
- Fog light functionality enhances visibility in foggy and low-light conditions.
- Compatible with the Dacia Duster III and Duster II – contemporary and premium design
- Registration-free due to EC type approval

Installation note:

Retrofitting LED fog lights may necessitate minor adjustments to the fog light mount. We advise that installation be performed by a professional workshop to guarantee optimal functionality and integration.

REDUST side window decal set

- Exclusive design for a captivating appearance – complementing the Y-style of the Dacia Duster.
- Ideal fit for the Dacia Duster III – designed specifically for the side windows.
- Striking Y-design for a distinctive and contemporary appearance.
- Premium, durable material – resistant to environmental factors
- Simple to apply and remove without leaving any residue.
- Available with or without the "REDUST" logo.
- This product is not subject to registration.

- Very light & perfect fit for the Dacia Duster III

REDUST door sill set with anti-slip relief

- Optimal protection & stylish appearance – perfect for your Dacia Duster
- Made of aluminum checker plate – robust & durable
- Set consists of 4 parts – perfect fit for the Dacia Duster III
- Self-adhesive with 3M adhesive tape on the back – no screws or drilling required
- Robust & durable construction for daily use
- Anti-slip relief for additional grip when getting in and out

Information

The components with TTG or EC type approval do not necessitate registration: coilover suspension, roof spoiler, wheel arch extensions, side skirts, bonnet scoop, fog lights, and exhaust system.

According to the TTG (ABE): Parts Type Approval (TTG) – the successor to the ABE. As of June 2024, no new ABEs will be accepted. It has been supplanted by the TTG (Parts Type Approval). Please do not conflate the TTG with the parts certificate! The TTG is equivalent to the ABE.

Approved tire dimensions for the rims: 235/40 R 20.

There is no Technical Vehicle Registration Act (TTG). However, a strength certificate or parts certificate is available to facilitate registration. Consequently, usage necessitates individual approval in accordance with Section 21 of the German Road Traffic Licensing Regulations (StVZO) by a recognized testing organization such as TÜV, DEKRA, KÜS, or GTÜ.

The remaining components are exempt from registration.
