Aerodynamics and optics

REDUST wheel arch extensions

- A captivating appearance for your Bigster.
 - Increases the vehicle's width by 20 mm on each side.
 - Ideal compatibility – designed for the Dacia Bigster
 - Effortless and secure installation – no adhesive necessary
 - They are affixed to the original wheel arches.
 - Also compatible with vehicles equipped with the City Package (front PDC).
 - Constructed from premium ABS plastic – resilient and enduring.
 - Offered in a matte black with a rough texture or a glossy black with a smooth finish.
 - Registration-free due to TTG (ABE)
- For vehicles equipped with PDC sensors, the appropriate openings for the sensors must be machined into the front bumper.

REDUST hood scoop

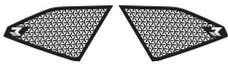

- Ideal fit – no modifications necessary
- Constructed from premium plastic – resilient and enduring.
- Offered in a matte black with a rough texture or a glossy black with a smooth finish.
- Effortless installation with Sikaflex adhesive (included in the delivery package)
- Registration-free due to TTG (ABE)

REDUST roof spoiler

- Sporty aesthetic and unique design – the ideal complement to your Dacia Bigster.
- Superior craftsmanship and resilient ABS plastic
- Tailored specifically for the Dacia Bigster – no alterations necessary.
- Offered in a matte black with a rough texture or a glossy black with a smooth finish.
- Effortless installation with Sikaflex adhesive (included in the delivery package)
- Registration-free due to TTG (ABE)

REDUST side window decal set

- Exclusive design for a captivating appearance – complementing the Y-style of the Dacia Bigster.
- Perfectly tailored for the Dacia Bigster – specifically designed for the side windows.
- Striking Y-design for a distinctive and contemporary appearance.
- Premium, resilient material – impervious to weathering
- Effortless application and residue-free removal are achievable.
- Available with or without the "REDUST" emblem.
- This product does not necessitate registration.

Wheels and chassis

REDUST 20-inch alloy wheels

- Rim dimensions: 8.5 J x 20 inches, bolt configuration: 5 x 114.3, offset: 35
- Approved tire dimensions: 235/40 R20
- Available in black, silver, or bronze.
- Impressive multi-spoke design that exudes sophistication and sportiness.
- For 4WD vehicles equipped with 20" rims, it is essential to utilize wheel spacers with a minimum thickness of 5 mm on each side of the rear axle to guarantee adequate clearance between the tires and chassis components.

Scope of Delivery:

- 4x REDUST alloy wheels, 20 inches, featuring hubcaps adorned with the "R" logo.
- 4 centering rings and 20 screws for assembly
- Partial report to facilitate registration

Spacers

- 36 mm at the front and 40 mm at the rear for each axle
- Includes screws and TTG; however, registration must occur in conjunction with rims in accordance with §21.

REDUST coilover suspension system

- Athletic appearance and enhanced driving dynamics – customizable to individual preferences.
- Front axle: 35 to 60 mm / Rear axle: 40 to 60 mm
- Premium materials for optimal durability and resilience.
- Enhanced driving dynamics and diminished body roll
- Registration-free due to TTG (ABE)

Motor

REDUST power hub

- Up to 25% increased power / up to 15% reduced fuel consumption
- Three selectable programs featuring seven power levels and application control.
- Effortless installation with a simple plug, allowing for residue-free removal.
- Bigster mild hybrid 130: +16 hp / +25 Nm / -15% fuel efficiency
- Bigster mild hybrid 140: +19 hp / +26 Nm / -15% fuel efficiency
- Bigster hybrid-G 150: +22 hp / +36 Nm / -15% fuel efficiency

REDUST pedal box +10% acceleration

- Enhanced driving dynamics and enjoyment through improved throttle response.
- Up to 10% increased acceleration, along with Eco mode for enhanced fuel efficiency.
- 4 programs, operable via remote control
- Cutting-edge technology - Manufactured in Germany with a 5-year warranty
- Effortless installation with plug connections, reversible without leaving any residue.
- Compatible with all Dacia models

Interior

REDUST velour floor mats

- Embroidered REDUST logos – a distinctive design for your Bigster.
- Superior craftsmanship for enduring protection
- Ideal match – specifically designed for the Dacia Bigster
- Waterproof backing – safeguards against moisture and dirt
- Compatible with the original Dacia mounting system for a secure grip.
- Constructed from recycled materials – sustainable and environmentally responsible.
- Resilient, long-lasting, and low-maintenance

REDUST footrest protector

- Enhanced comfort, increased safety, and a distinctive appearance for your Dacia Bigster.
- Constructed from aluminum checker plate – sturdy and long-lasting.
- No drilling necessary – simple and rapid assembly
- Self-adhesive due to the application of pre-applied 3M adhesive tape.
- Integrated anti-slip features for enhanced safety and comfort.
- Extremely lightweight and an ideal match for the Dacia Bigster.

REDUST door sill set featuring anti-slip relief

- Optimal protection and a stylish appearance – Ideal for your Dacia Bigster.
- Constructed from aluminum checker plate – sturdy and long-lasting.
- The set comprises four components, ideally suited for the Dacia Bigster.
- Self-adhesive featuring 3M adhesive tape on the reverse – no screws or drilling necessary.
- Sturdy and resilient design for daily utilization.
- Anti-slip texture for enhanced grip during entry and exit.

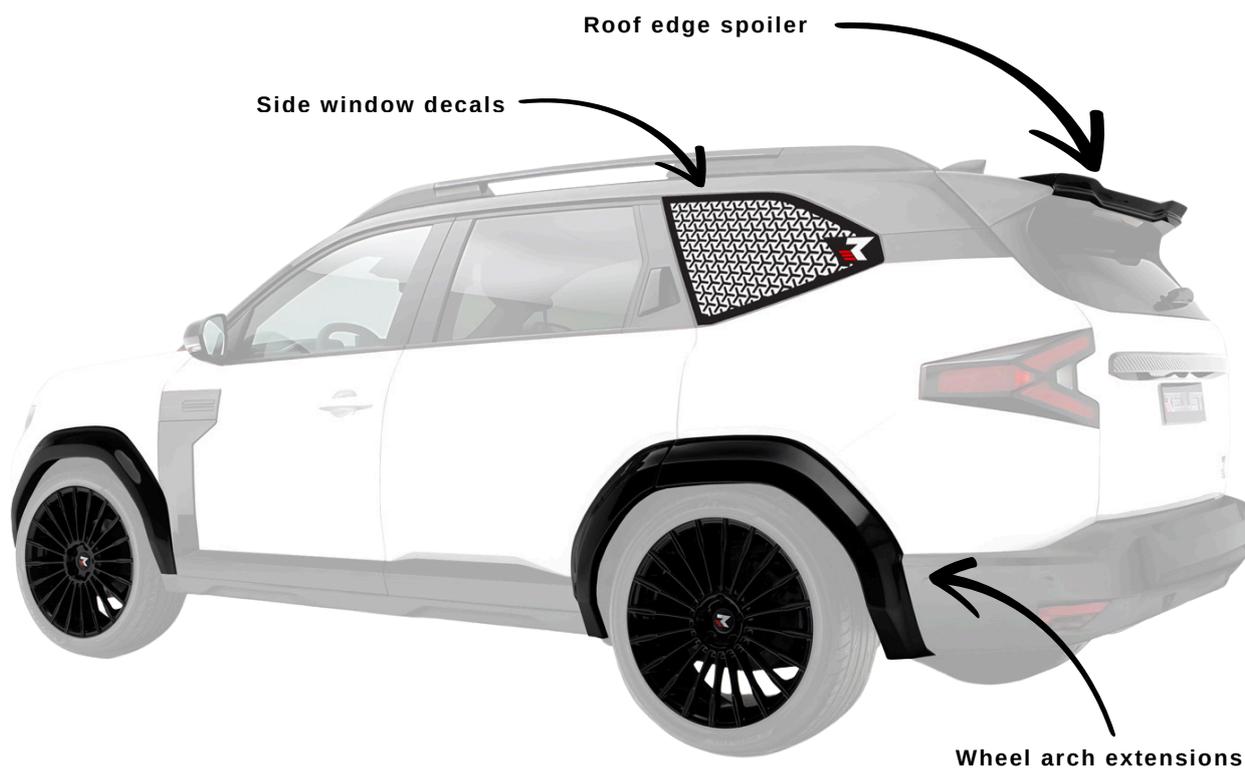

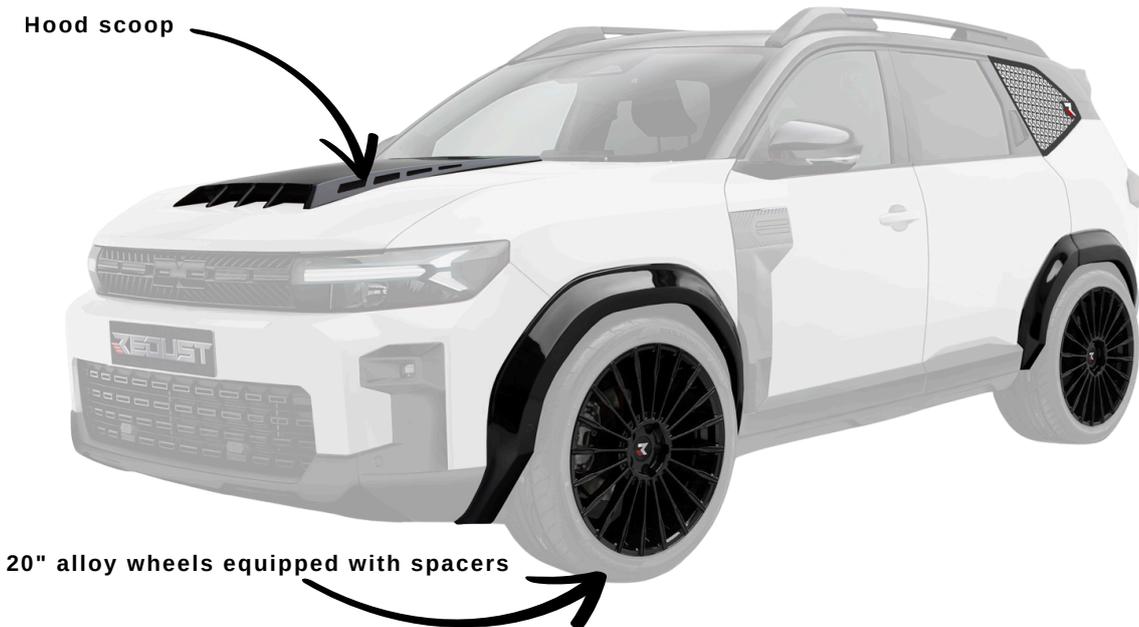

REDUST premium seat covers

- Tailored premium seat covers for Dacia Bigster
- Outer material: Black synthetic leather – resilient, easy to maintain, and long-lasting.
- Center panels crafted from premium Alcantara featuring a Y-pattern (four color options)
- Available with or without the REDUST logo on the headrest.
- Simple to don – no requirement to detach the original seats.
- Enhanced seating comfort and preservation of the original seat covers.

REDUST premium pillows (set of two)

- Crafted from premium Alcantara featuring a Y-pattern.
- Available in four color variations to complement the REDUST Premium seat covers:
- Black, brown, green, or navy blue
- Exquisite decorative stitching and superior craftsmanship
- Significantly enhanced comfort during extended travels.
- Easily drape it over the headrests and fasten it with an elastic band.

General information

Add-on components with TTG or EC type approval do not necessitate registration: coilover suspension, roof spoiler, fender flares, hood scoop.

According to the TTG (ABE): Component Type Approval (TTG) is the successor to the ABE. No new ABEs can be applied for since June 2024, as the TTG (Component Type Approval) has replaced it. Please do not confuse the TTG with the component certificate; the TTG is equivalent to the ABE.

No technical data sheet (TTG) is available for the REDUST 20" rims. However, a strength certificate/parts certificate is accessible to facilitate registration. Consequently, their use necessitates individual approval in accordance with §21 of the German Road Traffic Act (StVZO) by an accredited testing organization such as TÜV, DEKRA, KÜS, or GTÜ. The approved tire size for these rims is 235/40 R20.

For 4WD vehicles equipped with 20" rims, it is essential to utilize wheel spacers with a minimum thickness of 5 mm on each side of the rear axle to guarantee adequate clearance between the tires and chassis components.

All other items are exempt from registration and do not necessitate an expert opinion or TTG.
