## REDUST Aluminum Roof Rack

- Additional storage space & functional roof transport
- Lightweight & robust aluminum construction
- Load capacity up to 100 kg
- Available for 2-door and 5-door versions
- Colors: Black/Black or Black with custom color
- No registration required

## REDUST LED Work Lights, front and rear

- Extremely high-performance LED modules for maximum visibility
- Front lights: 45 W each | approx. 4,000 lm cold white
- Rear lights: 30 W each | approx. 2,233 lm cold white
- LED position strips (yellow or white) for marker/daytime running light option
- Wireless remote control (up to 20 m range)
- Dedicated wiring harness for REDUST Off-Road — plug-and-play + cable routing
- Perfectly matched to the REDUST roof rack
- High-quality LED units (service life approx. 5,000 hours)
- Registration-free thanks to EC type approval

### Variants

- 2× front LED work lights — maximum long-range and distance illumination
- 2× rear LED work lights — optimal work and reverse lighting
- 4× LED work lights (front + rear)

## REDUST Rear Ladder

- Perfect fit for the REDUST Off-Road
- High-quality aluminum – lightweight, strong & corrosion-resistant
- Black powder-coated – rugged off-road look
- Installation without vehicle modifications
- Mountable on the right or left side
- Load capacity: up to 90 kg
- Width: approx. 23 cm | Weight: approx. 2.5 kg
- Registration-free thanks to TTG (ABE)

## REDUST Aluminum Running Boards

- Comfortable entry and functional side protection
- Striking off-road look, perfectly integrated into the vehicle design
- Aluminum construction – extremely lightweight, strong & corrosion-resistant
- Available for 2-door and 5-door models
- Colors: Black/Black or Black with custom color
- Load capacity up to 150 kg per side
- Powder-coated for maximum durability
- Installation with vehicle-specific brackets – plug & play
- Registration-free thanks to TTG (ABE)

## REDUST Front Protection Bar

- Specifically developed for the REDUST Off-Road
- High-quality stainless steel – robust, corrosion-resistant & durable
- Matte black powder coating for a refined off-road look
- Mounts to the original attachment points – no modifications required
- Registration-free thanks to EC type approval

## REDUST Rear Protection Bar

- Specifically developed for the REDUST Off-Road
- Material: stainless steel – extremely robust & corrosion-resistant
- Black powder-coated – durable & high-quality finish
- Protects the rear bumper from parking damage and off-road contact
- Easy installation – no vehicle modifications required
- Registration-free thanks to EC type approval

## REDUST Aluminum Underbody Protection

- High-quality aluminum – extremely strong & lightweight
- Protects the front section, radiator, engine, transmission & other components
- Material thickness: 3 mm
- Total weight of complete set: approx. 20 kg
- No vehicle modifications required
- Registration-free

# Utility & Protection

## REDUST Wind Deflector

- Specifically developed for the REDUST Off-Road
- 2-piece set (front)
- High-quality acrylic glass – robust & weather-resistant
- Reduces wind noise and prevents rain/dirt from entering
- Easy installation without vehicle modifications

## Towbar

- Perfect fit for the REDUST Off-Road
- Available as fixed or removable version
- Includes vehicle-specific 13-pin electrical kit
- Up to 1,400 kg towing capacity & 80 kg nose weight
- Registration-free thanks to EU approval

## OR

## Towbar Removable

- Perfect fit for the REDUST Off-Road
- Available as fixed or detachable version
- Includes vehicle-specific 13-pin electrical kit
- Up to 1,400 kg towing capacity & 80 kg nose weight
- Registration-free thanks to EU approval

## REDUST Snorkel

- Raised air intake for maximum engine protection off-road
- Protection against water, dust and dirt – ideal for off-road use
- Precise fit & secure mounting
- Durable, sealed construction for high load resistance
- Can be registered according to §21

# Optics

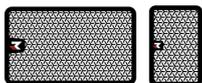

## REDUST Wheel Arch Extensions

- Powerful off-road appearance – significantly wider silhouette
- Perfect fit for 2-door and 5-door models
- Durable ABS plastic – impact-resistant, weatherproof & long-lasting
- Original fender flares are simply replaced
- Compatible with original mounting points
- Can be registered according to §21

## REDUST Hood Scoop

- Striking off-road look for a powerful appearance
- Perfect fit for the REDUST Off-Road
- Robust, impact-resistant plastic construction – durable & weather-resistant
- Easy installation with Sikaflex adhesive – no drilling required
- Not approved for road use

## REDUST Side Window Decal Set

- Striking REDUST design for a distinctive look
- Precisely developed to fit the side windows of the REDUST Off-Road
- High-quality, weather- and UV-resistant film
- Easy installation & residue-free removal
- Available with or without R-logo
- Registration-free

## REDUST Spare Wheel Cover

- Specifically developed for the REDUST Off-Road
- Protection against weather, dirt & environmental influences
- Available in gloss black or black chrome
- High-quality finish & perfect fit
- Easy installation without modifications
- Registration-free

## REDUST Front Bumper

- Complete REDUST Off-Road front bumper including grille & trim elements
- Striking off-road look & reinforced front architecture
- Optimized airflow through integrated cooling vents
- Made of high-strength ABS plastic – impact-resistant, dimensionally stable & weather-resistant
- Surface finished in matte black

## REDUST Rear Bumper

- Complete REDUST Off-Road rear bumper including trim elements
- Extremely robust appearance & additional rear-end protection
- High resistance thanks to impact-resistant ABS plastic
- Surface finished in matte black
- Compatible with parking sensors & rear-view camera

## REDUST Front Grille

- Striking, aggressive off-road look – maximizes front-end presence
- Perfect fit for the REDUST Off-Road
- High-quality ABS plastic – impact-resistant, UV-stable & durable
- Plug-and-play installation – no modification work required
- Compatible with original mounting points

## REDUST Emblem

- "R" logo in chrome – W/H: 90 × 57 mm
- "R" logo in black chrome – W/H: 80 × 50 mm
- "REDUST" lettering – W/H: 85 × 20 mm
- Made from high-quality, weather-resistant materials
- Self-adhesive – easy installation without tools
- 3D effect for a distinctive, premium look
- Versatile placement: tailgate, fender, grille or interior

## REDUST LED Headlights

- Complete LED headlight set (left + right)
- Enormous light output for improved visibility at night and during off-road driving
- Integrated LED daytime running light for a modern look & increased visibility
- Developed for the REDUST Off-Road – perfect fit

## REDUST LED Taillights

- Set of 2 LED tail lights (left + right)
- Modern LED technology for maximum brightness & safety
- Registration-free thanks to EC type approval

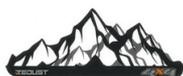

## REDUST Front Corner Lights

- Off-road hood indicator set (left + right)
- Inspired by the design of iconic off-road vehicles
- Precisely developed to fit the REDUST Off-Road
- Robust, weather- and UV-resistant housings

## REDUST Side Indicators

- Set of 2 side indicators (left + right)
- Black housing for a sporty, subtle look
- LED technology for clear signaling
- Plug-and-play replacement – no modifications required

## REDUST Side Decal Set

- Striking mountain silhouette in REDUST Adventure design
- REDUST & 4x4 logos for a powerful off-road look
- High-quality, UV- and weather-resistant sticker
- Precisely contour-cut – no background film
- Easy, bubble-free application
- Removable without residue
- Ideal as an addition to other REDUST Off-Road upgrade

# Wheels and Chassis

## REDUST 15-inch Alloy Wheels

- Wheel size: 15-inch – engineered for maximum off-road performance
- High-load construction for demanding terrain
- Two finish options:
  - Black/Silver – wheel size 6.0J×15 / offset 5 / bolt pattern 5×139.70
  - Matte Black – wheel size 5.5J×15 / offset 5 / bolt pattern 5×139.70

### Scope of delivery

- 4× alloy wheels
- Registration-free thanks to TTG (ABE)

## BF Goodrich All-Terrain Tires 235/75 R15

- 235/70 R15 104/101 S BF all-weather tire
- Versatile all-terrain tread – strong off-road & reliable on asphalt
- High traction on loose and wet surfaces
- Suitable for all off-road conversion

## REDUST Wheel Spacers + 50 mm / 60 mm

- Available in 50 mm or 60 mm per axle
- High-quality aluminum construction – lightweight & extremely durable
- Includes wheel bolts
- Component certificate (Teilegutachten) to support registration

## REDUST Lift Suspension 50 mm

- Complete suspension lift kit with comfort tuning
- +50 mm lift (front & rear)
- Gas-pressure shock absorbers for front and rear axle
- Includes 4 coil springs, 4 shock absorbers, polyurethane bushings & mounting hardware
- With TÜV component certificate for hassle-free registration

### Technical features:

- Double-walled damper tube for reduced heat buildup
- Chrome-plated 14 mm piston rod for maximum durability
- Shock absorbers supplied with dust boots
- Developed to meet European quality and safety standards

## REDUST Wheel Caps

- High-quality center caps with the “R” logo
- Compatible with all REDUST wheels
- Scope of delivery: 4× center caps

# Engine

## REDUST Turbocharger Kit

- Noticeable performance boost & faster throttle response
- Optimized torque for off-road use & trailer operation
- 158 hp and 228 Nm of torque
- Ready-to-install complete kit – plug & play
- Engineered for maximum durability & everyday reliability
- Ideal for off-road builds, camping setups & adventure enthusiasts

## REDUST Pedal Box +10% Acceleration

- Noticeably improved driving dynamics & more direct throttle response
- Up to +10% faster acceleration + Eco mode for reduced fuel consumption
- 4 programs, conveniently selectable via remote control
- High-tech electronics – Made in Germany, 5-year warranty
- Easy plug-and-play installation, fully reversible

# Interior

## REDUST Steering Wheel Emblem

- Exclusive REDUST "R" emblem for the steering wheel
- Sporty premium finish for the interior
- Precise fit & easy installation
- Perfect complement to all REDUST sport steering wheels

## REDUST Premium Steering Wheel

- Wood Brown / Black Leather – refined, classic off-road look
- Gloss Black / Black Leather – modern, sporty premium style
- Carbon / Black Leather – ultra-sporty high-performance look
- High-quality material combination for an exclusive premium appearance
- Original steering wheel – only the surface has been refined
- Genuine leather grip areas for perfect hold and a pleasant feel
- Featuring the distinctive R-logo in the center
- Ideal for off-road builds and premium interior concepts

## REDUST Checker Plate Flooring Mats

- Precisely manufactured to fit the REDUST Off-Road
- Made from robust aluminum with checker-plate design – extremely durable
- Anti-slip surface for secure footing even in wet conditions
- Black rubber edges for improved grip and a clean appearance
- Ideal for tough off-road use & everyday driving

## REDUST Premium Seat Covers

- Premium seat covers in brown or black
- Durable synthetic leather – easy to maintain & robust
- Precisely tailored to fit the REDUST Off-Road interior
- Reliably protects the original seat upholstery
- Optionally available with REDUST logo

## REDUST Premium Cockpit Trim

- Available in wood-look or carbon-look finish
- Exclusive upgrade for the interior
- Precisely fitted for the original cockpit surfaces
- High-quality surface finish & long-lasting craftsmanship
- Easy installation thanks to pre-applied double-sided 3M adhesive tape

## REDUST Premium Pillows (set of two)

- Exclusive interior upgrade
- Available in two color options matching the REDUST premium seat covers: black, brown
- Noticeably increased comfort on longer journeys
- Simply pulled over the headrests and secured with an elastic strap
